The Junior Bears program is an exciting week jam-packed with a variety of activities. It is designed to provide a safe and meaningful program for our youngest campers, providing opportunities to foster friendships and develop self-confidence through an introduction to traditional camp activities. Campers will participate in sports, arts and crafts, music, drama, dance, science experiments, nature activities and more!

SENIOR LEADERSHIP

June 30–July 11 (July 5 & 6 excluded)
 For campers born between January 1, 2012 and December 31, 2014

The Leadership program is a unique experience for our oldest campers as they are pushed to think and work outside of the box in a variety of unique environments. The group will explore their individual and collective strengths and play a leading role for younger campers. They will participate in a two-night camping trip (July 7-9) at Silent Lake, where they will develop skills, foster friendships, and learn about themselves and each other. All trip expenses are included in the cost.

Campers will have an opportunity to engage in traditional camp activities, with opportunities for daily choice. However, campers in this program will also dial in on their favourite activities. Each camper will select one morning program and one afternoon program (see reverse for options). Spaces in choice programs are limited and will be offered on a first-come, first-served basis. Campers are welcome to pick similar options (for morning and afternoon) but are discouraged from selecting the same program for multiple weeks (with the exception of Olympic Games & Fun In The Field).
